

## Cycling in and to the City.

### Route planning

[TfL's Cycle map](#) shows the Cycle Superhighway and Quietway cycle routes that you can use across London.

Use [TfL Journey Planner](#) to plan your route, which will show you a range of cycle route options to take on your journey, offering a choice of fast routes or slower quieter routes where possible.

### Cycle Hire

If you don't currently have a bike and would like to hire one, then the [Santander Cycle Hire Scheme](#) is available, [Freebike](#) and [Beryl Bikes](#) can be hired in the City of London and Hackney; with other hire bike operators following suit in the City in the near future.

### Maintenance and cycle training

- Havebike offer bike repair and bike servicing. Please see their [website](#) for the range of services they provide, including Collect & Return bike servicing, Havebike will collect your bike from you, service and repair it, and then return it to you once complete. No need to leave the house, and you can book a slot on a weekend too.
- (They are also currently offering key workers [a 30% discount](#) on Collect & Return bike servicing).
- Havebike are offering residents free bicycle collections and assessments OR a 20% discount on Regular and Deluxe bicycle services. Please see this [website](#) for more details.

### Locating bike shops near you:

- Sustrans, in partnership with the cycling industry, has launched a [UK-wide interactive map](#) that helps you locate your nearest bike repair shop;
- In addition for key workers details : offers on cycles and equipment; free and discounted repair and maintenance services; (*note that the map works best in Chrome, Safari or Firefox*). [Click here for the full list of offers across London](#).
- The Santander cycle hire scheme is offering [free 24-hour access for NHS workers](#).

### **Cycle parking in the city**

On-street cycle parking is around the city but space is limited in lots of locations - we are in the process of providing more on street; but please note all our car parks have secure undercover cycle parking which includes CCTV.

These are located at [City carparks](#)
