**The GOSH City Criterium takes place on the afternoon of Friday 12 June in the heart of the City of London. Teams of four plus a pro rider will compete on a fully closed-road circuit, racing through iconic streets in a fast-paced, high-energy criterium format. Delivered in partnership with Nocturne, the event combines elite racing conditions with a vibrant festival atmosphere, complete with cheering crowds and live entertainment.**

**12 June 2026 | 12.30–7pm | Guildhall Yard**

### **How it Works**

The GOSH City Criterium is a team race meaning team work and tactics will be crucial:

- Four riders per team - for mixed teams there will be a second classification category.
- Plus one Pro Rider - each team will be allocated a pro rider as part of your team entry.
- Teams must select one rider to take part in a virtual qualification race - results of the qualification will determine the start grid for the final.
- The final will be a team race with relay style exchanges.
- Teams must exchange all four corporate riders within the first 60 minutes of racing.
- Teams can choose how long each rider will race - stronger riders can do longer turns. Team tactics will be crucial to make sure you pace the effort of each rider across the time.
- After 60 minutes teams will exchange to their pro rider the next time they pass the pit lane. The pro riders will race the final 10 laps.
- The final result will be determined by the total number of laps completed by each team and their finish position on their final lap.

### **Team Entry Package – £5,000**

This includes

- Team entry for four riders
- Pro rider allocated to your team\*
- Access to rider enclosure and hospitality area
- Complimentary food and drinks served throughout the day
- Access to training events and resources

\* Each team will be allocated a pro rider. We will be hosting an auction before the event where teams can choose to bid for their preferred pro rider.
